

Basic Tarot Class: Opening Your Intuition

with Jen Lee, RN, ARNP, Tarot Reader, Intuitive and Reiki Healing Master

Would you like a better understanding of your life right now? Would you like to get a new perspective on why the same things keep happening? Want better relationships? A higher perspective on life? Want to increase and trust your intuition? Try Tarot.

Meet the Universe more than halfway by allowing more of your own psychic awareness/intuition to open with the symbolic world of Tarot. Using the Tarot in your daily life will allow you to connect with your own guides and angels. **Studying the Tarot helps awaken and develop your intuitive faculties.** It strengthens that intuitive muscle we all too easily push aside in our world of reason. In this class we will use your inner wisdom and divine guidance to help you tap into your psychic resources and appreciate the gift of intuition that Spirit has given you. What I teach is more than what's going to happen. It's why it's happening, where your life needs improving, what blocks you are creating and how to remove those blocks.

We will discuss the history of Tarot, the individual cards, how the cards represent you and your loved ones, the basics of numerology with the cards and how to do traditional readings. When we begin a session, I always invite your guides and angels to come through to allow in what they want you to know. Then we lay the cards out and begin a divine communication with those who wish only the best and highest good for you! When you understand the cards you can use them to monitor your thoughts and feelings. And once you master those, you have mastered life!

For the class, you will want to buy a deck of Tarot Cards, one of the standard decks such as Universal Waite, Hanson-Roberts, Rider-Waite, Morgan-Greer, or the Robin Wood decks. These have similar imagery and symbols that we will be discussing. I will help you to use our own intuitive powers to understand the meanings in the cards! Once you register, Jen will email you some pre class details/information.
