

Psychic and Intuitive Development Telephone Class

with Jen Lee, RN, ARNP, Tarot Reader, Intuitive and Reiki Healing Master

Get in touch with your natural intuitive abilities. Psychic Intuition is a natural faculty we all have. All we have to do is focus on using it. In this 4 week class series we will examine the different ways we "see, hear and feel" intuitive information as well as other exercises to develop and trust intuition in daily life. During the four weeks we will work on incorporating a meditation practice into your daily life. If you already have one we will enhance and expand on what you have been doing.

You will connect and work with your guides and angels, so that your life will be filled with less stress and more confidence. This can be a great source of help for anyone in decision making, transitions, relationship skills and in realizing the truth of who you are and why you're here. I wish for you to live a healthy, happy life moving towards your dreams. And your intuition can show you the way to your own truth, each day, one day at a time. Expand your horizons and have fun.

All you need to do is to show up! So, email or call me today to sign up (253-549-8627). Once enrolled, I will give you the long distance number and access code to call in for class. Participate and learn from the comfort of your home. These tele-classes are interactive and fun! Class size is kept at a minimum so there is opportunity to share and understand exactly what you need to learn. All you need is a phone and a phone headset for hands free. All classes will be recorded and available to listen to during the following week if desired. ***Stay open and available for Spirit to bring Heaven to Earth each day through you in amazing ways!***
